

**Third Assembly**

**Third Session  
Afternoon**

**Sitting  
(No. 085 of 2024)**

**(No. 177)**

**COUNTY GOVERNMENT OF LAMU**  
**THIRD ASSEMBLY - (THIRD SESSION)**  
**COUNTY ASSEMBLY OF LAMU**

**ORDERS OF THE DAY**

**THURSDAY, OCTOBER 03, 2024 AT 2:30 PM**

**ORDER OF BUSINESS**

**PRAYERS**

1. Administration of Oath
2. Communication from the Chair
3. Messages
4. Petitions
5. Paper (*See Appendix*)
6. Notices of Motion
7. Statement
8. **MOTION: PESTICIDES AND HERBICIDES**

I beg to move the following Motion.

**AWARE THAT**, Pesticides are chemicals used to kill, repel, or control forms of animal and plant life considered to damage or be a nuisance in agriculture and domestic life. They include herbicides, insecticides, nematicides, fungicides, and many others.

**FURTHER AWARE THAT**, Herbicide is an agent, usually chemical, for killing or inhibiting growth of unwanted plants, such as residential or agricultural weeds and invasive species.

**COGNIZANT THAT**, Chapter 346 of the Kenya Law is usually about Pest Product Control ACT and largely speaks about use of pesticides (herbicides, insecticides, nematicides, fungicides, and many others).

**CONCERNED THAT**, In Lamu County there has been high misuse of pesticides by farmers especially the large-scale farmers and horticultural farmers. They

**(No. 085)**  
**178)**

**THURSDAY, OCTOBER 03, 2024**

**(No.**

have been mixings different pesticides in one container, they make a concoction which they later spray to the crops. The pesticides have different molecules hence if mixed can create a poisonous concoction.

**FURTHER CONCERNED THAT**, herbicides are also being misused by large scale farmers to dry farm products especially cereals. The cereals being dried are; simsim, green grams, cowpeas and maize. They mostly use herbicide popularly known as “**KAUSHA**” and it’s a very harmful chemical. This has caused the selling price of cereals to drop due the bad drying method.

**NOTING WITH CONCERN THAT**, all these products are usually brought to our market for selling which makes it hard for the buyers to select the good products which are not contaminated thereby making the people of Lamu County to consume harmful products. In the recent statistics, there has been rise in cancer and Kidney failure cases which is very alarming.

**THEREFORE, I URGE** this Assembly to compel the County Government to;

1. Conduct trainings to farmers to create awareness on the use of herbicides and pesticides.
2. Conduct periodic surveys in farms to ascertain the products being used for farming.
3. Impose a charge/ fine to farmers caught practising harmful methods of farming.

### **PAPERS**

1. Mpeketoni Sub- County level 4 Hospital Annual report and Financial Statements for the period ended 30<sup>th</sup> June, 2024.
