4. NOTICES OF MOTION-PAINTING OF HOUSES

I beg to give a notice of the following motion:-

Aware that, Painting of houses is very essential since it decorates the house and make it more attractive.

Further aware that, painting a house has several benefits which includes:

1. Painting the exterior of your house does more than just beautifying it, acts as a protection layer, protecting the building from the elements of weather like rain and sunlight.
2. Painting the exterior of a building increases the aesthetic value of the building which can be a great benefit if added to its resale value.

3. Painting your house can increase its lifespan by adding a few years to it, paint can also repair damages sustained and protect it from further damage.

Cognizant that, the National Building Code, 2022 paragraph 394 and the National Construction Authority Act No. 41 of 2011 elaborates more on the painting of walls.

Concerned that, in our towns in Lamu County some of the houses have been constructed and left un-painted bringing out a picture which not good since it makes the town look dull.

Further Concerned that, some houses also stay for a very long time without being repainted and they look very shaggy and rough.

Therefore, I urge this Assembly to compel the County Government to;

1. Conduct sensitization to house owners on the importance of painting houses
2. Compel house owners to paint and repaint houses after every two years so that the towns be beautified.
3. A unified colour in all town houses
